Community

Our commitment:

Our community investments are part of our larger efforts to build trust in society and solve important problems. Our global commitment is to invest in the future and growth of 15 million people, NGOs, social and micro enterprises to help them maximise their potential by 2022. To specifically address the upskilling challenge PwC, UNICEF and Generation Unlimited are collaborating to support young people around the world to develop the skills they need to engage and thrive in the digital world.

453 (388)

Unique number of our people participating in community activities

652 (1219) skilled
volunteering hours

35 (74) general
volunteering hours

4'894 (4696)
pro bono hours

576 (538)
beneficiaries reached*

(FY19 numbers)

* The number of individuals reached, either directly or indirectly, through PwC community investment activity related to education/building skills.

Environment

Our commitment:

To address our impact on the environment, in 2018 we globally committed to drive efficiencies to reduce our absolute carbon impact, offset 100% of air travel emissions, source 100% renewables for our electricity consumption, and offset residual energy use by 2022. In 2020 we are raising our climate ambition, by making a worldwide science-based commitment to reach net zero greenhouse gas emissions by 2030, building on our existing global environment commitment.
